Kids question and answers-worksheets

I wonder what the big red spot on Jupiter is...

Jupiter is the largest planet in our solar system. It is a bright planet and has a huge red spot on it called the Great red Spot. The spot is really a huge storm that is over 300 years old.

I wonder why chickens don't fly...

Chickens don't fly because their wings are not strong enough.

I wonder why we have taxes in our town...

Because we have to pay taxes so there is more money for the government to make the town nicer so we can live well in this town.
