

Kids question and answers-worksheets

I wonder why dogs have wet noses...

Moisture on Dog's nose helps it detect odors. It comes from a gland inside the nose.

I wonder why people say black cats are unlucky...

In the middle Ages. People believed that witches could turn into cats. Some people say black cats are unlucky because they associate them with witches.

I wonder why cats eyes glow in the dark.

Cats have a special part of their eye that acts like a mirror. At night, dim light bounces off this special part inside the eye to help the cat see.
